President's Message

Dear Supporters of SANA,

Denim and diamonds seem to have little in common. Denim represents resilience in the everyday, while diamonds embody strength and brilliance.

Yet together, they capture the heart of SANA's mission – the steadfast, often unseen work of recovery and prevention, and our commitment to persons-in-recovery we support, as we help them rebuild their lives and reveal the precious diamonds within.

For the past 54 years, SANA has worked to protect Singaporeans from the harms of drug abuse and offer a fresh start to those on the journey of recovery. With support from the Ministry of Home Affairs, Central Narcotics Bureau, Singapore Prison Service, Yellow Ribbon Singapore as well as our volunteers, partners and donors, we seek to support those who have struggled with drug addiction and foster a compassionate community that champions second chances.

Growing concerns over youth drug use and new threats like Kpods have made SANA's work more important than ever before.

President's Message

We are deeply grateful to our donors for their generous support. Your donations will support our preventive drug education programmes as well as our aftercare, counselling and recovery programmes. These include the Continuing Care Support Group, which encourages individuals to steer clear of drugs, and our Sports.Arts.Music Programme, which provides persons-in-recovery and their families with a platform to strengthen relationships and build skills. The funds we raise also go towards building the capabilities of our dedicated social workers and counsellors, so that they are better equipped to provide support to our persons-in-recovery.

We also wish to thank Minister Edwin Tong, Minister for Law and Second Minister for Homa Affairs, for gracing our charity gala as our Guest of Honour. Thank you also to our Gala Co-Chairs, Nada Jumabhoy and Dr Iroshini Chua, Gala Committee members Dr Kevin Chua and Ms Shabnam Arasham, the SANA Board of Management and the SANA team for their tireless efforts in making this evening possible.

Message from Organising Chairpersons

Dear Supporters of SANA,

Thank you for joining us at the SANA Denim & Diamonds Charity Gala Dinner 2026. Tonight's theme is an unlikely pairing. People of every age and background wear denim, and addiction is much the same: it can affect any family. Denim is tough, and only grows more beautiful with time. Recovery is like that too: slow, hard-won and something to be proud of.

A diamond’s brilliance comes from the light it catches and the patient hands that polish it. The people SANA walks alongside are our diamonds, and your support is the light that helps them shine.

Addiction never affects just one person. That is why SANA supports whole families. Through our Step-Up Centres and programmes such as SANAbration and S.A.M. (Sports, Art and Music), persons-in-recovery and their loved ones reconnect, rebuild trust and strengthen relationships. Since January this year, we have supported 241 clients and their families through 2,027 engagements. Through the Yellow Ribbon Community Project, SANA and its volunteers have also supported more than 2,900 families affected by incarceration.

We are grateful to our Guest-of-Honour, Minister Edwin Tong, Minister for Law and Second Minister for Homa Affairs, for his continued commitment to this cause. Our heartfelt thanks also go to our sponsors and supporters, the SANA Board, our Gala Committee of Dr Kevin Chua and Ms Shabnam Arashan, the SANA team who have worked tirelessly behind the scenes and Conrad Singapore Orchard.

Thank you for shining with us!
Ms Nada Jumabhoy and Dr Iroshini Chua
Gala Co-Chairs

About Our Charity

Singapore Anti-Narcotics Association (SANA) is a Social Service Agency (SSA) which works with government bodies, corporate partners and the community to spread the anti-drug message and provide social support to persons-in-recovery from drug abuse and their families. Each year, about 2,000 individuals benefit from SANA's programmes and services. Additionally, SANA also reaches out to more than 30,000 youths annually through our preventive drug education and youth development programmes.

PREVENTIVE DRUG EDUCATION

Every young life holds promise, but drugs threaten to steal that future. At SANA, we guide youths—especially those most at risk—towards hope and resilience through our Preventive Drug Education (PDE).

With Program ACT, In partnership with schools and welfare homes, we empower youths to say “no” to drugs and inspire their peers to do the same. One brave choice sparks a ripple of change—protecting not just one life, but an entire generation.

"The courage of one young person to say ‘no’ can ignite the strength of an entire generation."

ABOUT OUR CHARITY

AFTERCARE

Through our Case Management Services (CMS), SANA journeys with persons-in-recovery for up to 20 months, offering counselling, guidance, and hope. Each year, more than 400 individuals take brave steps toward rebuilding their lives—and with the right support, second chances can become new beginnings.

"Recovery is not a destination — it's a journey that no one should walk alone."

STEP-UP CENTRES

SANA has Two Step-Up Centres, which are walk-in 'safe-havens' for persons-in-recovery and their loves ones, strategically located across Singapore. Manned by trained counsellors and social workers, these centres offer individuated services such as case-management and counselling as well as pro-social activities such as S.A.M (Sports, Arts, Music) and community-involved learning activities.

Group based care are in the form of support groups and organised activities such as SANAbration is extended to families so that they can journey with recovering persons. SANA strives to help persons-in-recovery build and maintain their networks of support, so that they need not walk the journey of desistance alone.

"Recovery is not about going back to the starting point — it's about moving forward with courage, hope and support."

ABOUT OUR CHARITY

SANA VOLUNTEERS

SANA has more than 100 volunteers supporting persons-in-recovery and advocating for a drug-free society. We have around 50 Kakis who support persons-in-recovery through befriending, close to 60 Peer Leaders who share their stories and advocate for a drug-free society, and more than 10 volunteers who provide Hindu religious counselling.

Together, our volunteers play an important role in supporting recovery, strengthening our community, and spreading awareness about the harms of drugs.

"The heart of SANA beats through its volunteers — ordinary people creating extraordinary change."

ADVOCACY

SANA spreads the anti-drug message locally and globally—through community outreach, social media campaigns and international advocacy. Accorded Special Consultative Status by the UN Economic and Social Council (ECOSOC), SANA lends its voice to advocate against the harms of drugs and support for the many lives affected by drugs.

"Change begins when voices are amplified."

LIVE PERFORMANCES BY

SOS (Sounds of SANA)

SOS (Sounds of SANA) is an in-house band formed through SANA's Music Programme, bringing together persons-in-recovery and Peer Leaders through a shared passion for music and a shared identity as performers on stage. The programme provides a supportive space where individuals regardless of prior experience can build confidence, express themselves and develop teamwork through regular jam sessions and rehearsals.

SOS has grown into an active performing band, taking the stage at key community events such as the SANA Charity Golf Event and the Yellow Ribbon Community Project Appreciation Luncheon. Each performance reflects the members' dedication, discipline, and personal growth, as they work together to prepare and continuously improve.

More than just music, SOS represents resilience and transformation,offering members a sense of purpose and belonging, while creating meaningful opportunities to engage the wider community.

EUGENE THURAISINGAM ASIA LLC

Eugene Thuraisingam Asia LLC is proud to stand with the Singapore Anti-Narcotics Association as a Platinum donor for this year's Gala Dinner.

As a firm rooted in criminal defence, we see closely the human cost of drug abuse – on those caught in its grip, and on the families and communities around them. SANA's work in prevention, rehabilitation, and reintegration reflects a conviction we share: that people are more than their weakest moments, and that they deserve to be given a second chance to recover.

We commend SANA for its decades of steadfast service, and the volunteers and staff whose dedication makes that work possible. To offer someone a way back is among the most meaningful things any of us can do.

We are honoured to lend our support to this cause, and we wish SANA continued strength in the vital work ahead.
